

## Distinctive Features of Our Wall Paper Stock

Three distinctive features mark our wall paper for 1911, and we believe that each of them affords a sufficient reason for selecting papers from our stock:

- \* 1st—It is most complete and is twice as large as the ordinary stock.
- \* 2nd—It affords the widest possible choice. It includes the best patterns.
- \* 3rd—Every pattern is of the highest artistic excellence to be had at the price we ask.

We have papers that will appeal to people of every taste, and our prices will certainly appeal very strongly to those who want to buy good papers economically. Come in and see the new papers.

### WEEK-DAY SERMONS

#### A Few Timely Words or Suggestions for the Busy Man.

Do not worry eat three square meals a day; say your prayers; be courteous to your creditors; keep your digestion good; exercise, go slow and easy. Maybe there are other things that your special case requires, to make you happy, but my friend, these I reckon, will give you a good lift.

We need to remember that success in life is not success in material life alone but in social and religious as well. That a man is not a practical man who is a merchant, a farmer, a teacher merely; he must also be a citizen, a neighbor, a friend, a son, perhaps a brother, a husband, a father—and most important of all a little child in the garden of the Heavenly King.

To show how thoroughly the Bible permeates all of the literatures of the day, even to the daily paper, just notice in the papers you read how frequently it is quoted or referred to. You will be astonished. Only those familiar with the Bible, have any idea of the number of common, ordinary sayings that are so often quoted that have their origin in the Bible. No book in the English language, not even Shakespeare can in the least compare with it.
